BOOK SYNOPSIS

Big Ideas for Little Kids includes everything a teacher, a parent, or a college student needs to teach philosophy to elementary school children from picture books. Written in a clear and accessible style, the book explains why it is important to allow young children access to philosophy during primary-school education. Wartenberg also gives advice on how to construct a "learner-centered" classroom, in which children discuss philosophical issues with one another as they respond to open-ended questions by saying whether they agree or disagree with what others have said.

BIG IDEAS FOR LITTLE KIDS TEACHING PHILOSOPHY THROUGH CHILDRENS LITERATURE - Are you looking for Ebook Big Ideas For Little Kids Teaching Philosophy Through Childrens Literature?
